Contact Information: [andreagerardi02@gmail.com](mailto:andreagerardi02@gmail.com)

*"Math Rocks" is an extra curricular program for four year olds that want to explore various weekly math skills in a hands-on/engaging way. Skills will be learned through a variety of ways including music, movement, manipulatives and academic games. Skills include identifying numbers, number formation, counting, classifying/sorting, patterns, addition and so much more. Who says math can't be fun?*
