

## NEWSLETTER - JUNE

**Dear Parents,**

As the school year comes to a close, our minds and hearts are filled to the brim. It's been a great year! Special thanks to all of you who have contributed to the success of our school year. We could not keep our doors open without the generous support of time and talent from our parents and volunteers.

Please continue to work with your children this summer: read to them, have them practice their letter and number skills. Review with them their colors and shapes and help them to learn how to write their name if they cannot already do so. My wish for your children is that they see the light in this world, in themselves, and in others for I see the light in them.

I am proud of their accomplishments. I want them to believe in themselves, for they are stronger than they know. May they always try hard but know their limits. If they need help may they learn to trust others to help them. They are unique, special and amazing. May they always remember that there will never be another one of them. May they continue to dream, believe, wonder, inspire, love, nurture, and always listen. Good luck to "Our Graduates" as they begin Kindergarten.

Looking forward to seeing all our returning Families and students in September, as well as our "newcomers." Until then enjoy a restful and replenishing summer with your families. God bless all of you.

Fondly, Ms. G
