

# Ms. Vallarelli's October Newsletter

Dear Parents,

It's crazy to think that the first month is already over! September was all about transitioning into a new classroom setting, meeting new teachers, and making new friends. As they are now familiar with the classroom environment, rules, and routines, we can now jump strong into this new month with confidence and ease.

Here is a glimpse of our September highlights:

## All About Me theme-

- Created self-portraits using different shapes to create their bodies and added colored googly eyes.
- Identified their own name and used fine motor skills to glue fun sequins onto their own letters.
- Made a family tree with hand print cut outs.
- We discussed how each family is unique.

## Apple theme-

- We taste teste red, green, and yellow apples and made a chart to see which we love the best.
- Talked about the different parts and color of an apple. We then worked on a color sorting art project.
- Created many apple related art project!

October is filled with great themes where your child can unleash their inner creativity as well as explore new concepts through each of their senses. We will be incorporating a lot of "creepy and gooey" science experiments and eerie songs to go with the spooky feel of Halloween. Here are the themes for this month.

- Fire safety
- Bears/Christopher Columbus
- Pumpkins/leaves
- Halloween/Fall

- 10/5 Teddy Bear Picnic
- 10/9 Columbus Day – NO SCHOOL
