

June Newsletter

Dear Parents,

We just wanted to take a moment to tell you how much we enjoyed having your child this year. We cannot believe the year went by so fast! It seems only yesterday, we were making apples and pumpkins! Your child worked very hard this year and knows so much more than they did when they entered 4U in the fall. We have tried to give them a strong academic foundation.....while having a lot of fun, too! It is very rewarding for us to see your child progress and grow, so please come back to visit us. Thank you for letting us be a part of your child's life for the past year.

It was our privilege to do so.

Love,

Mrs. Utschig Mrs. Ciaccio Mrs. Saputo Mrs. Arace
Mrs. Annunziata Ms. Savignano
