The themes for the months of May/June Creativity Projects, Butterfly Life Cycle, Cinco de Mayo, Mother's Day, Flowers, Memorial Day, and Alphabet Review

We will begin May by enjoying warm and sunny weather. We will discuss the changes in the weather, the outdoor environment, and release our butterflies. Next, we will discuss Cinco de Mayo and Mother's Day. We will review all the letters of the alphabet. Finally, we will complete our projects for the Creativity Fair.

Art Projects: Some of our art projects will include: creating sombreros out of various shapes and materials, painting flower pots and creating a surprise gift for mom. These activities will develop small muscle skills, eye/hand coordination, and the development of skills for cutting and writing.

Math: The numbers 1-25 will be reviewed. There will be a daily review of numbers, shapes, and pattern identifications.

Religion: The children will recognize that Mary is the mother of Jesus and loves and cares for them. We will help the children appreciate the gift of their own mothers.
