

Mrs. Utschig and Mrs. Ciaccio's March Newsletter

"March comes in like a lion.....and goes out like a lamb." Ask your child the meaning of that quote - they will definitely be able to tell you! "Wild Weather" will be one of the topics discussed this month. The students will use new art techniques to complete their thunder and stormy weather crafts.

We will learn many new letters this month - S, T, U, and V. The letter file holders will be filled with suns, turtles, unicorns, and vultures.

The beginning of the month will bring a birthday celebration. We will wish Dr. Seuss a "Happy Birthday" during the week of March 2nd. The children love the Dr. Seuss stories, especially Wacky Wednesday. They will all wear something "wacky" to honor this day.

Leprechauns will create chaos in our classroom on March 17th! Everyone is invited to wear green on this day. We will go to the gym for recess and return to our classroom to find a big surprise - tables will be moved, the puppet theater will be turned over, and I'm sure we will find tiny green footprints all over the room! The leprechauns usually leave a special St. Patrick's Day treat - green coins (but don't tell the children, yet!) The students will create rainbows, leprechauns and shamrocks!

The number 8 will be reviewed in March. The children will learn how to make a diamond shape and talk about the color, yellow.

Assessments will begin at the end of this month in preparation for Parent/Teacher conferences in April or early May. It is wonderful to see how much your child has learned since he/she walked through the 4U/C door in September!

Let's see if March really does come in like a lion!
