

A decorative border of colorful butterflies (purple, orange, and black) frames the entire page. The butterflies are arranged in a repeating pattern along the top, bottom, and sides.

# *May Newsletter*

Welcome to the last full month of Pre-K! It is so hard to believe that graduation is "just around the corner."

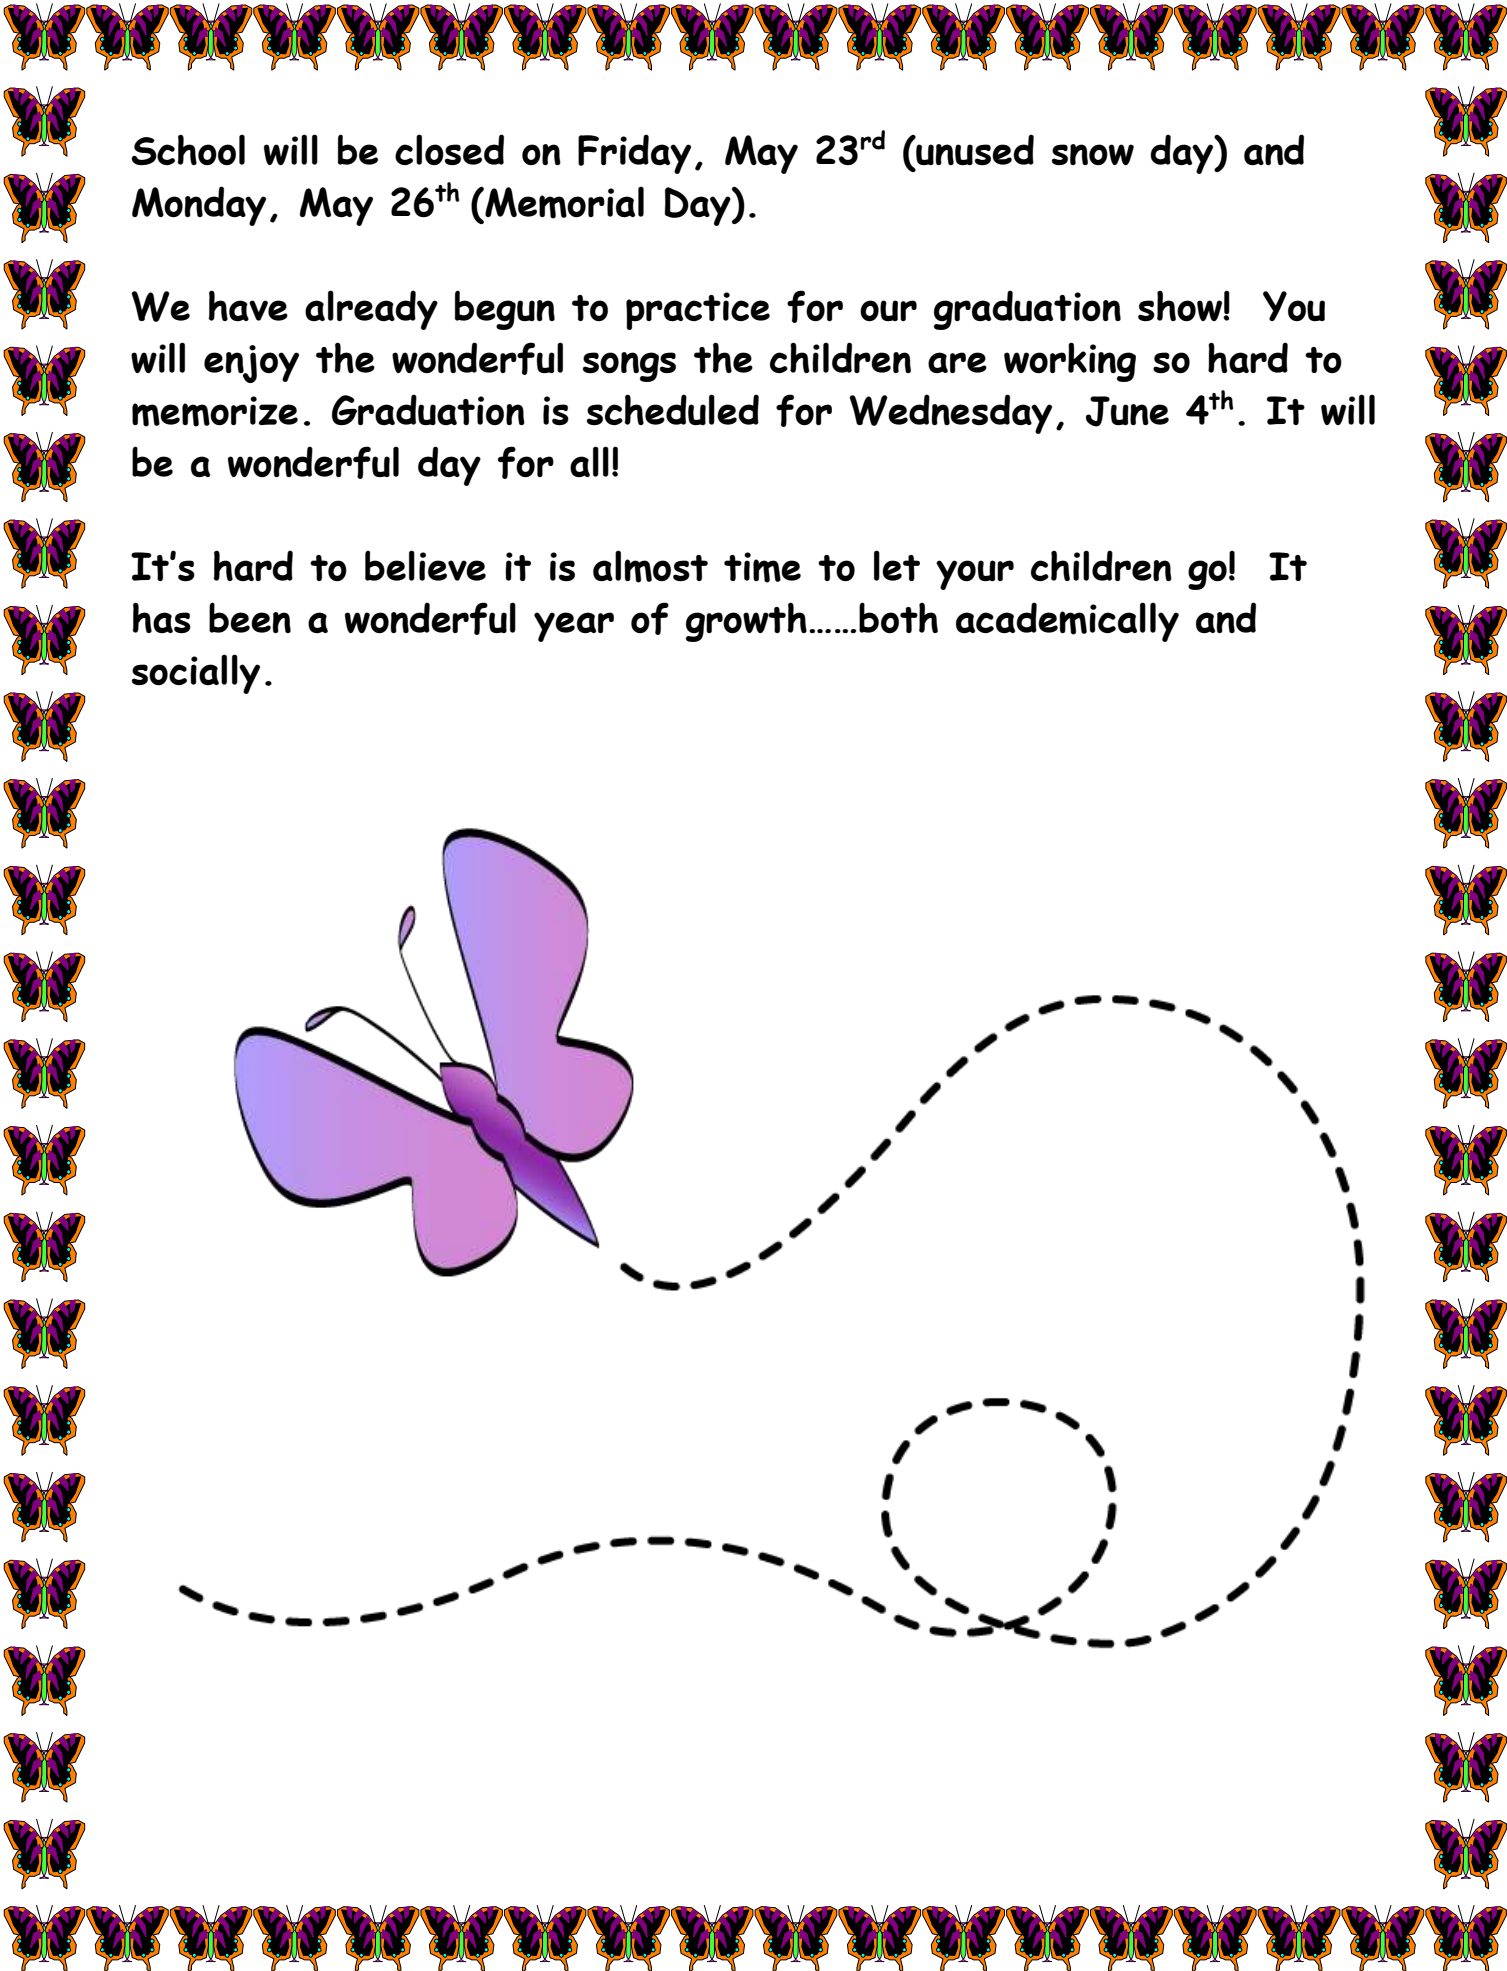

We are expecting our caterpillars to turn into butterflies any day now! The children are patiently waiting to get a glimpse of a beautiful new butterfly emerging from its chrysalis. They are experts when describing the life cycle of the butterfly.

One of the very special events the children get to celebrate in May is "Muffins with Mom." They are working very hard on their mom's present and they are also creating a portrait of their mom. Please make sure you read the "mommy survey" attached to the portrait.

It's finally time for May flowers! The students will learn about the parts of a plant this month. They will create their own picture on this topic. The children will also learn the steps needed to plant a seed.

We are continuing with our number recognition skills. This month the children will complete numbers 15, 16, 17, 18, 19 and 20. The class has also ended their alphabet journey. We are now working on word families and sight words.

We hope you will join us for our Creativity Fair on May 15<sup>th</sup>. The children are working very hard on their projects for the Creativity Fair. Our topic this year is "Garden Party." Please be sure to stop by. The last book fair will be held during this month. The class is looking forward to Field Day scheduled on May 29<sup>th</sup>.

School will be closed on Friday, May 23<sup>rd</sup> (unused snow day) and Monday, May 26<sup>th</sup> (Memorial Day).

We have already begun to practice for our graduation show! You will enjoy the wonderful songs the children are working so hard to memorize. Graduation is scheduled for Wednesday, June 4<sup>th</sup>. It will be a wonderful day for all!

It's hard to believe it is almost time to let your children go! It has been a wonderful year of growth.....both academically and socially.
