

May Newsletter

Welcome to the last full month of Pre-K!!!! It is so hard to believe that graduation is "just around the corner."

Our caterpillars are getting ready to turn into butterflies! The children are patiently waiting to get a glimpse of a beautiful new butterfly emerging from its chrysalis. They are experts when describing the life cycle of the butterfly.

One of the very special events the children get to celebrate in May is "Muffins with Mom." They are working very hard on their mom's present and they are also creating a portrait of their mom. Please make sure you read the "mommy survey" attached to the portrait.

It's finally time for May flowers! The students will learn about the parts of a plant this month. They will create their own picture on this topic. The children will also learn the steps needed to plant a seed.

We are coming to an end with our number recognition skills. This month the children will complete number 10, but many of them recognize 1-20, and some, even further! The class has also ended their alphabet journey. We are now working on word families and sight words.

We hope you will join us for our Creativity Fair on the evening of Thursday, May 19th. The children are working very hard on their projects for the Creativity Fair. Mrs. Utschig and Mrs. Ciaccio's topic is "Under the Sea." Please be sure to stop by. The last

book fair will be held during this month. The class is looking forward to Field Day scheduled on May 26th. School will be closed on May 27th (unused snow day) and May 30th in honor of Memorial Day.

We will begin to get on stage to practice for graduation starting next week! You will enjoy the wonderful songs they are working so hard to memorize. Graduation is scheduled for Tuesday, June 7th at 9:15. We are group A. It will be a wonderful day for all!

It's hard to believe it is almost time to let your children go! It has been a wonderful year of growth.....both academically and socially.
