The themes for the month of February: Groundhog's Day, President's Day, Valentines Day, and Dental Hygiene

We will begin February by focusing on Dental Health and discussing different types of food we can eat to keep our teeth healthy. Next, We will prepare for Valentine's Day and learn the history of St. Valentine. Finally, we will talk about love and family. We will also be discussing different ways we can show love through acts of kindness. We will accomplish this while adhering to all the safety protocols.

Art Projects:

Some of our art projects will include: Groundhog's Day Prediction craft made from various shapes, creating and decorating a "Valentine Mailbox" and building Washington and Lincoln's Log Cabin out of popsicle sticks. These activities will develop small muscle skills, eye/hand coordination, and the development of skills for cutting and writing.

Math:

The numbers fourteen, fifteen, sixteen and seventeen will be introduced. Heart and diamond shapes will be introduced and oval and cone shapes will be reviewed. There will also be a daily review of numbers, shapes, and the identification of patterns.

Religion:

We will help the children appreciate things that are done for them are ways people show love. In addition the children will begin learning the Our Father. The children will also be encouraged to help one another in preschool and being kind will be promoted with a "Caught Being Kind" Certificate.
